EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Monaco on 4 October 2005.

The application has been amended as follows:

- In claim 23, line 4, "a transmitter configured to be coupled to" has been changed to --a transmitter--.
- In claim 23, line 5, "transmittera" has been changed to --transmitter--.
- In claim 37, line 8, "an optical" has been changed to --the optical--.

2. The following is an examiner's statement of reasons for allowance: the prior art does not disclose or fairly suggest having the head end control and/or monitor the optical distribution node based on the status data sent from the ODN to the head end.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
